

Good morning,

The 2018 Construction Guide for the I-39/90 Expansion Project is now available on the project website.

Learn the locations of this year's I-39/90 construction work and [download the 2018 Construction Guide](#). It will also be available in print at the Wisconsin DOT Project Field Office in Edgerton, visitor centers, rest areas, Division of Motor Vehicle (DMV) locations, area libraries, local government buildings, gas stations, and hotels adjacent to the Interstate.

The Guide highlights this year's construction projects, and identifies alternate routes used during and after the Interstate expansion for congestion and incident management. There are also useful tips for driving in work zones, as well as an overview of the entire project.

Help us spread the word, and forward this email and the 2018 Construction Guide to family, friends and co-workers who travel the Interstate between Beloit and Madison. Encourage them to [register for project email updates!](#)

STAY INFORMED: [I-39/90 Expansion Project website](#) | [Project Facebook page](#)
