

Good afternoon,

As part of the I-39/90 Expansion Project, the I-39/90 and County N interchange (Exit 147), north of Stoughton, will be reconstructed this year. Work on the new interchange will begin in late April. When completed this fall, the interchange will feature three roundabouts to improve safety and mobility in the area.

- View the [County N interchange configuration](#). (Note: You may need to zoom in to see details.)
- Watch the [narrated animation video](#) on the planned interchange.

We are hosting a **public meeting** for those interested to learn more about the interchange construction. The meeting will be held:

- **When:** Tuesday, April 18, 2017 – 5 p.m. to 7 p.m. (brief presentation at 5:30 p.m.)
- **Where:** Stoughton High School cafeteria; 600 Lincoln Avenue, Stoughton, WI 53589

You are encouraged to attend the meeting and ask questions regarding this interchange project. Wisconsin Department of Transportation (WisDOT) project staff and representatives will present the anticipated construction schedule and staging. Exhibits showing the planned improvements will be on display. WisDOT representatives will be available to discuss the project on an individual basis.

WisDOT recognizes that businesses located in work zones are faced with unique challenges. It's critical that customers, employees and delivery vehicles have access to businesses, regardless of any roadwork inconvenience. View the I-39/90 Project website for information on [WisDOT's In This Together program](#).

Forward this email to family, friends and co-workers and encourage them to [register for project email updates](#).
