DIGGERS HOTLINE

WWW.DIGGERSHOTLINE.COM

It's The Law. Wisconsin Statute 182.0175 requires all excavators — including homeowners and construction contractors — to call Diggers Hotline at least three working days before starting the work.

Plan ahead! Give Diggers Hotline a call at least three working days prior to the start date of your excavation. The call center is open 24 hours a day and 365 days a year, but the busiest times are Monday and Tuesday mornings.

NOTE: Compliance with the above listed instructions is very important with regard to emergency services. Ambulances, fire trucks, and other emergency response vehicles travel at high speeds and look for your address by using the green “fire number” sign with your address numbers printed on it. These numbers are assigned on a grid system, and when they are incorrect installed or out of sequence, they severely hamper the ability for quick response of our emergency workers. Any extra time spent looking for an address is crucial time lost. In addition, your address affects other neighbors’ safety and well being for the same reasons. **Failure to install a number as specified could delay effective service.**

OWNERS RESPONSIBILITY

Section 76.10(3) Dane County Code of Ordinances provides that the owner of the land on which a numbering sign is located shall be responsible for the installation and maintenance of the number as specified by the ordinance.

Post must be located in the shaded area either side of the driveway:
